Comment:

On 05/27/2022 the above-named defendant was enrolled into the San Francisco Sheriff's Departments electronic monitoring (EM) program in accordance with court order 22004986. A review of SFSD EM program rules, Pre-Defendant Court Orders and Sentinel participation agreement with the defendant during enrollment, stated the following.

"I shall obey all order given by any sworn employee or Sentinel EM employee" as it relates to my Pre-Trial defendant court orders.

On 06/14/2022 at 3:54:44 PM defendant's GPS device triggered a "Stay Away Exclusion Zone entry and remained therein until 3:58:56 PM when he exited. The defendant was in the exclusion zone for approximately four (4) minutes, and at no time during his entry or prior to entry reach out to the SFSD to ask for approval.

On 05/27/2022 the defendant was given an EM orientation where all rules from the Court, SFSD, and Sentinel were reviewed including "Stay Away" Orders given by the court. The defendant acknowledged all rules and "Stay Away" by signature and he was provided a copy of all documentation and a map of the "Stay Away" area.

Comment:

Tampering, removing, attempting to remove or damaging any part of the monitoring ankle transmitter or electric monitoring equipment is a direct violation of program rules and regulations. When the GPS EM bracelet was placed on the defendant on 05/27/2022 in the office. The defendant was given a copy of his signed agreement prior to leaving the office with all program rules and regulations.

On 7/29/2022 at 6:32:28 AM the defendant's assigned GPS device # 20279684 generated an "XMTR Tamper" alert, indicating defendant Joshua Simon has cut off monitor. A strap tamper or XMTR GPS Tamper is due to fiber optics being cut or interrupted. Fiber optic cables run through the device's strap to continuously monitor if strap has been cut. Multiple audio alerts have been sent to the defendant's GPS device instructing him to contact SFSD however he has failed to report.
